

It's Time for *Fall* Cleaning!

With the summer fast coming to an end, and before the winter comes knocking on the door, fall is the perfect time to take care of some end-of-the-year cleaning. Such as:

- Clearing the yard of fallen branches, leaves, bushes, and other debris.
- Disposing of the well-used kiddy pool, non-repairable above ground pool or the broken swing set.
- Removing broken patio furniture, coolers, grills, lawn mowers and tires.
- Disposing of furniture, appliances, and containers.
- Removing inoperable or unregistered vehicles.

Montgomery County Code, Chapter 48, Solid Waste, makes it unlawful to have an accumulation of solid waste on residential and commercial areas. As the preservation and improvement of housing and property is one of the responsibilities of the Department of Housing and Community Affairs, citations for violations are issued by the Code Enforcement Section.

If you have questions about bulk trash collection or disposal, call Montgomery County's Customer Service Center at [311](tel:311) (out-of-County: [240-777-0311](tel:240-777-0311), TTY: [301-251-4850](tel:301-251-4850)). Or visit the County webpage, <http://m.montgomerycountymd.gov/SWS/how/bulk-trash.html>.
